# MISSION REPORT

ROCKINGHAM

07 AUGUST 2011

WORDS AND IMAGES: ROBERT RITCHIE

Today was only a small run with some of the guys still away on holidays/work etc. Still having the two FFG's on the water is nice thing and Glen's Derwent is coming along nicely. The next run will be in Sept at Sanctuary waters and should see the first run of Ewan's HMAS Toowoomba and the return Arkhangelsk (planning to get some nice overheads from the bridge of her submerged) in the water.
